for the Annual General Meeting of the Holders of Common Shares
to be held on Thursday, May 13, 2021**

THIS INFORMATION CIRCULAR (the “**Circular**”) IS FURNISHED IN CONNECTION WITH THE SOLICITATION OF PROXIES BY OR ON BEHALF OF THE MANAGEMENT OF STORM RESOURCES LTD. (the “**Corporation**”) for use at the annual general meeting of the holders (the “**Shareholders**”) of common shares (the “**Common Shares**”) of the Corporation to be held solely by means of remote communication via webcast at <https://us02web.zoom.us/j/89465204066> and teleconference at 1-855-703-8985 (Canada toll free) or 1-888-475-4499 (U.S. Toll Free), Meeting ID 894 6520 4066, on Thursday, May 13, 2021 at 3:30 p.m. (Calgary time), and any and all adjournments or postponements thereof (the “**Meeting**”), for the purposes set forth in the accompanying notice of meeting (the “**Notice of Meeting**”).

The Corporation is continuously monitoring the current coronavirus (COVID-19) outbreak. In light of public health guidelines related to COVID-19 that continue to restrict indoor gatherings, the Corporation has decided to host the Meeting solely by means of remote communication. The Corporation reserves the right to take any additional precautionary measures it deems appropriate in relation to the Meeting in response to further developments in respect of the COVID-19 outbreak. Changes to the Meeting date and/or means of holding the Meeting may be announced by way of press release. Shareholders are encouraged to monitor the Corporation’s website at <https://www.stormresourcesltd.com/> or the Corporation’s SEDAR profile at www.sedar.com, where copies of such press releases, if any, will be posted. You are advised to check the Corporation’s website one week prior to the Meeting date for the most current information. The Corporation does not intend to prepare an amended Circular in the event of changes to the Meeting format. **All Shareholders are strongly encouraged to vote prior to the Meeting by any of the means described under the heading “Completion of Proxies” below, as in-person voting at the time of the Meeting will not be possible.**

Unless otherwise specified, the information contained herein is given as at March 31, 2021.

SOLICITATION OF PROXIES

The solicitation of proxies is made on behalf of the management of the Corporation. Solicitation of proxies by management will be primarily by mail, but may also be in person or by telephone. The cost of solicitation will be borne by the Corporation. All currency amounts expressed herein, unless otherwise indicated, are expressed in Canadian dollars.

RECORD DATE

The record date for the Meeting is April 1, 2021 (the “**Record Date**”). Any Shareholder of record at the close of business on the Record Date who either attends the Meeting or has completed and delivered a form of proxy in the manner and subject to the provisions described below will be entitled to vote or to have his or her Common Shares voted at the Meeting. To the extent that a registered Shareholder has transferred the ownership of any Common Shares subsequent to the Record Date, the transferee of such Common Shares shall not be entitled to vote such Common Shares unless the transferee produces properly endorsed share certificates, or otherwise establishes that they own the Common Shares and requests, not later than 10 days before the Meeting, that their name be included on the Shareholder list before the Meeting, in which case the transferee shall be entitled to vote their Common Shares at the Meeting.

COMPLETION OF PROXIES

The form of proxy affords Shareholders or intermediaries an opportunity to specify that the Common Shares registered in their name shall be voted for or against or withheld from voting in respect of: (i) fixing the number of directors for the ensuing year; (ii) the election of directors; (iii) the appointment of the auditor of the Corporation

(including in the resolution granting the authority for the directors to fix the remuneration of the auditor); (iv) the approval of the grant of unallocated stock options ("Options") under the Corporation's stock option plan (the "Stock Option Plan"); (v) the approval, on a non-binding advisory basis, of the Corporation's approach to executive compensation; and (vi) any other matter which may properly come before the Meeting.

The persons named in the enclosed form of proxy (the "Form of Proxy") are the President and Chief Executive Officer and the Chief Financial Officer, respectively, of the Corporation.

A REGISTERED SHAREHOLDER OR AN INTERMEDIARY HOLDING COMMON SHARES ON BEHALF OF AN UNREGISTERED SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON, WHO NEED NOT BE THE SHAREHOLDER, TO ATTEND AND ACT ON THEIR BEHALF AT THE MEETING, IN THE PLACE OF THE PERSONS DESIGNATED IN THE FORM OF PROXY FURNISHED BY THE CORPORATION. TO EXERCISE THIS RIGHT, THE SHAREHOLDER OR INTERMEDIARY SHOULD STRIKE OUT THE NAMES OF THE PERSONS NAMED IN THE FORM OF PROXY AND INSERT THE NAME OF THEIR NOMINEE IN THE BLANK SPACE PROVIDED, OR SUBMIT ANOTHER APPROPRIATE PROXY.

The Form of Proxy must be dated and signed by the registered Shareholder, or by his or her attorney authorized in writing or by the intermediary. In the case of a Shareholder that is a corporation, the Form of Proxy must be executed under its corporate seal or signed by a duly authorized officer or attorney for the corporation with proof of authority accompanying the Form of Proxy.

In order to be effective, the Form of Proxy, together with the power of attorney or other authority, if any, under which it was signed or a notarially certified copy thereof, must be: (i) mailed so as to be deposited at the office of the Corporation's transfer agent, Alliance Trust Company, 1010, 407 - 2nd Street S.W., Calgary, Alberta, T2P 2Y3; or (ii) completed online at www.alliancetrust.ca/shareholders/ not later than 48 hours preceding the time of the Meeting or deposited with the Chairman of the Meeting on the day of the Meeting via email at inquiries@alliancetrust.ca prior to the commencement of the Meeting. No instrument appointing a proxy shall be valid after the expiration of 12 months from the date of its execution. If a Form of Proxy is not dated, it will be deemed to bear the date on which it was mailed to Shareholders by management of the Corporation.

EXERCISE OF DISCRETION BY PROXIES

A Shareholder or intermediary may indicate the manner in which the persons named in the enclosed Form of Proxy are to vote with respect to any matter by checking the appropriate space. On any poll, those persons will vote or withhold from voting the Common Shares in respect of which they are appointed in accordance with the directions, if any, given in the Form of Proxy. If the Shareholder or intermediary wishes to confer a discretionary authority with respect to any matter, the space should be left blank. **IN SUCH INSTANCE, THE PERSONS NAMED IN THE ENCLOSED FORM OF PROXY INTEND TO VOTE THE COMMON SHARES REPRESENTED BY THE PROXY IN FAVOUR OF EACH MOTION.**

The enclosed Form of Proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. As of the date hereof, management of the Corporation knows of no such amendment, variation or other matter. However, if any other matters which are not now known to management should properly come before the Meeting, the proxies in favour of management nominees will be voted on such matters in accordance with the best judgment of the management nominees.

REVOCATION OF PROXIES

A Shareholder or intermediary who has submitted a Form of Proxy may revoke it by instrument in writing executed by the Shareholder or intermediary or his or her attorney authorized in writing, or, if the Shareholder is a corporation, under its corporate seal and executed by a director, officer or attorney thereof duly authorized, and deposited either with the Corporation at its offices as aforesaid at any time prior to the close of business on the second last business day preceding the day of the Meeting, or deposited with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting at inquiries@alliancetrust.ca, and upon such deposit the previous Form of Proxy is revoked.

ADVICE TO BENEFICIAL HOLDERS OF SECURITIES

The information set forth in this section is of significant importance to many public Shareholders of the Corporation, as a substantial number of the public Shareholders of the Corporation do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to in this Circular as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc. which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and nominees are prohibited from voting Common Shares for their clients. The directors and officers of the Corporation do not know for whose benefit the Common Shares registered in the name of CDS & Co. are held. Therefore, Beneficial Shareholders cannot be recognized at the Meeting for the purposes of voting the Common Shares in person or by way of proxy, except as set forth below.

Applicable regulatory policy requires intermediaries and brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary and broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the Form of Proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("BFSI"). BFSI typically prepares its own proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to BFSI. BFSI then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a proxy from BFSI cannot use that proxy to vote Common Shares directly at the Meeting - the proxy must be returned to BFSI well in advance of the Meeting in order to have the Common Shares voted.**

IF YOU ARE A BENEFICIAL SHAREHOLDER AND WISH TO VOTE AT THE TIME OF THE MEETING, PLEASE CONTACT YOUR BROKER OR AGENT WELL IN ADVANCE OF THE MEETING TO DETERMINE HOW YOU CAN DO SO.

NOTICE-AND-ACCESS

The Corporation has elected to use the "notice-and-access" provisions under National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice-and-Access Provisions**") for the Meeting. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials which are mailed to shareholders by allowing a reporting issuer to post an information circular in respect of a meeting of its shareholders and related materials online.

The Corporation will not use procedures known as "stratification" in relation to the use of the Notice-and-Access Provisions, meaning that both registered and Beneficial Shareholders will be mailed a notification of availability of Meeting materials directing them to those websites where they can access the Circular and other relevant information (the "**Notice-and-Access Notification**"). If you receive the Notice-and-Access Notification and would like to receive a paper copy of the Circular and other relevant information, please follow the instructions printed on the Notice-and-Access Notification and the materials will be mailed to you. All materials will be forwarded to Shareholders at the Corporation's expense.

The Corporation anticipates that notice-and-access will directly benefit the Corporation through substantial reductions in postage and printing costs. The Corporation believes that notice-and-access is also environmentally responsible to the extent that it decreases the large volume of paper documents generated by printing proxy-related materials.

The Corporation does not intend to pay for intermediaries to forward the Notice-and-Access Notification to Beneficial Shareholders who have objected to their intermediary/broker disclosing ownership information about them pursuant to applicable securities laws (“**Objecting Beneficial Shareholders**”). Consequently, an Objecting Beneficial Shareholder will not receive the Notice-and-Access Notification unless the Objecting Beneficial Shareholder’s intermediary/broker assumes the cost of delivery.

Shareholders with questions about notice-and-access can call Alliance Trust Company at 403-237-6111 or toll free at 1-877-537-6111.

In order to receive a paper copy of this Circular and other relevant information, requests by Shareholders may be made up to one year from the date the Circular was filed on System for Electronic Document Analysis and Retrieval (“**SEDAR**”) by: (i) calling Alliance Trust Company at 403-237-6111 or toll free at 1-877-537-6111; (ii) by emailing a request to inquiries@alliancetrust.ca; or (iii) online at the following websites: www.stormresourcesltd.com or www.alliancetrust.ca/shareholders/. The Corporation estimates that a Shareholder’s request for paper copies of the Circular and other relevant information will need to be received prior to April 29, 2021 in order for such Shareholder to have sufficient time to receive and review the materials requested and return the completed Form of Proxy by the due date set out under the heading “*Completion of Proxies*” in this Circular.

INTERESTS OF CERTAIN PERSONS AND COMPANIES IN MATTERS TO BE ACTED UPON

Except as disclosed in this Circular, management of the Corporation is not aware of any material interest, direct or indirect, of any director or nominee for director or senior officer or anyone who has held office as such since the beginning of the Corporation’s last financial year, or any associates or affiliates of any of the foregoing in any matter to be acted on at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of the Corporation consists of an unlimited number of Common Shares, and an unlimited number of preferred shares, issuable in series. As at March 31, 2021, an aggregate of 121,769,312 Common Shares were issued and outstanding and no preferred shares were issued or outstanding. Shareholders are entitled to one vote for each Common Share held.

The by-laws of the Corporation provide that if one person holding not less than 5% of the issued Common Shares entitled to vote is present at the Meeting, a quorum for the purposes of conducting a Shareholders’ meeting is constituted.

Any registered Shareholder at the close of business on the Record Date who either attends the Meeting or who completes and delivers a proxy will be entitled to vote or have his or her Common Shares voted at the Meeting. However, a person appointed under the form of proxy will be entitled to vote the Common Shares represented by that form only if the form of proxy is effectively delivered in the manner set out under the heading “*Completion of Proxies*” in this Circular.

To the best of the knowledge of the directors and officers of the Corporation, no person beneficially owns, directly or indirectly, or exercises control or discretion over more than 10% of the voting rights attached to voting securities of the Corporation other than as set out in the table below.

Name	Number of Common Shares Owned or Controlled	Percentage of Class
Libra Advisors, LLC ⁽¹⁾	20,114,000 Common Shares	16.52%
Canoe Financial LP ⁽²⁾	21,328,631 Common Shares	17.52%

Notes:

- (1) Based on Alternative Monthly Early Warning Report filed by Libra Advisors, LLC under the Corporation’s SEDAR profile on December 3, 2020.
(2) Based on Form 62-103F3 filed by Canoe Financial LP under the Corporation’s SEDAR profile on December 10, 2020.

MATTERS TO BE ACTED UPON AT THE MEETING

1. Presentation of Financial Statements

The audited consolidated financial statements of the Corporation for the years ended December 31, 2020 and 2019, together with the auditor's reports thereon, were mailed to the Shareholders who have requested such financial statements in accordance with applicable securities laws, and will be placed before the Shareholders at the Meeting. The financial statements are also available on the Corporation's SEDAR profile at www.sedar.com.

No formal action will be taken at the Meeting to approve the financial statements, which have been approved by the board of directors of the Corporation (the "Board" or "Board of Directors"). If any Shareholders have questions respecting such financial statements, the questions may be brought forward at the Meeting.

2. Fixing the Number of Directors

It is proposed that the number of directors to be elected at the Meeting to hold office until the next annual meeting or until their successors are elected or appointed, subject to the Articles and By-Laws of the Corporation, be fixed at nine. There are presently nine directors of the Corporation, the terms of office of which expire at the Meeting.

IT IS THE INTENTION OF THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, TO VOTE FOR THE RESOLUTION FIXING THE NUMBER OF DIRECTORS FOR THE ENSUING YEAR AT NINE, UNLESS OTHERWISE DIRECTED.

3. Election of Directors

Action is to be taken at the Meeting with respect to the election of directors. The Board of Directors presently consists of nine members. It is proposed that the under mentioned persons will be nominated at the Meeting.

The Board of Directors adopted a majority voting policy (the "Majority Voting Policy") effective September 19, 2017, pursuant to which, in an uncontested election of directors, a director who receives more "withhold" votes than "for" votes at the annual meeting of Shareholders will promptly tender his or her resignation to the Chair of the Board, to be effective upon acceptance by the Board. The Compensation, Governance and Nomination Committee will consider the director's offer to resign and make a recommendation to the Board whether to accept it. The Board will be expected to accept the resignation except in situations in which exceptional circumstances warrant the applicable director continuing to serve on the Board. Following the Board's decision on the resignation, the Board will promptly disclose its decision whether to accept the director's resignation offer including the reasons for rejecting the resignation offer, if applicable, by issuing a news release. Any director who tenders his or her resignation pursuant to the Majority Voting Policy may not participate in any portion of a meeting of the Board (or, if applicable, any committee of the Board, if he or she is a member of that committee) to consider the decision whether to accept his or her resignation.

Shareholders should note that, as a result of the Majority Voting Policy, a "withhold" vote is effectively the same as a vote against a director nominee in an uncontested election.

IT IS THE INTENTION OF THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, TO VOTE FOR THE ELECTION OF THE FOLLOWING PERSONS TO THE BOARD OF DIRECTORS UNLESS OTHERWISE DIRECTED. MANAGEMENT DOES NOT CONTEMPLATE THAT ANY OF SUCH NOMINEES WILL BE UNABLE TO SERVE AS A DIRECTOR. HOWEVER, IF FOR ANY REASON ANY OF THE PROPOSED NOMINEES DOES NOT STAND FOR ELECTION OR IS UNABLE TO SERVE AS SUCH, THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, RESERVE THE RIGHT TO VOTE FOR ANY OTHER NOMINEE IN THEIR SOLE DISCRETION UNLESS THE SHAREHOLDER HAS SPECIFIED IN HIS OR HER PROXY THAT HIS OR HER COMMON SHARES ARE TO BE WITHHELD FROM VOTING ON THE ELECTION OF DIRECTORS.

Each director elected will hold office until the next annual meeting of the Corporation or until a successor is duly elected or appointed, unless the director vacates office earlier in accordance with the Corporation's by-laws. The following information relating to the nominees as directors is based partly on the Corporation's records and partly on information received by the Corporation from said nominees, and sets forth the name and city of residence of each of the persons proposed to be nominated for election as a director, principal occupation at present, all other

positions and offices held in the Corporation, the year first elected as a director, and the number of Common Shares beneficially owned, directly or indirectly, or over which control or direction is exercised by such person.

On March 9, 2016, the stay of proceedings under the CCAA was extended until May 17, 2016. Additionally, on March 10, 2016, the U.S. Bankruptcy Court approved an order recognizing the CCAA as the foreign main proceedings under Chapter 15. On September 1, 2016, the Senior Lenders were granted a receivership order by the Court. Mr. Brussa was a director of Virginia Hills Oil Corp. ("**VHO**"), an oil and gas company listed on the TSX Venture Exchange (the "**TSX-V**"). On August 16, 2010, the Shareholders approved the Stock Option Plan, pursuant to which Options may be granted to directors, officers, employees and consultants of the Corporation. On May 17, 2012, May 13, 2016, May 17, 2017 and May 16, 2018, the Shareholders approved amended versions of the Stock Option Plan.

When Options have been granted pursuant to the Stock Option Plan, such Options are referred to as allocated. Options available for grant under the terms of the Stock Option Plan, but not yet granted, are referred to as unallocated. As of the date of this Circular, the Corporation has 9,977,830 Options allocated and outstanding under the Stock Option Plan, representing 8.2% of the issued and outstanding Common Shares and 2,199,101 Options unallocated (representing 1.8% of the issued and outstanding Common Shares) that may be granted in the future under the Stock Option Plan.

In accordance with the policies of the TSX, unallocated Options under the Stock Option Plan are subject to approval by a majority of the Corporation's directors and Shareholders every three years. On May 16, 2018, Shareholders approved the amendment of the Stock Option Plan and the unallocated Options. The Corporation will not be able to grant Options under the Stock Option Plan after May 13, 2021 unless it has received Board and Shareholder approval for the issuance of unallocated Options. On March 31, 2021, the Board approved the unallocated Options under the Stock Option Plan and amended the Stock Option Plan to replace the existing definition of "insider" with the definition of "insider" in the policies of the TSX.

At the Meeting, Shareholders will be asked to consider and, if in agreement, to pass the following ordinary resolution approving the issuance of all unallocated Options pursuant to the Stock Option Plan:

"BE IT RESOLVED THAT:

1. all unallocated stock options issuable pursuant to Corporation's stock option plan are hereby approved and authorized;
2. the Corporation have the ability to continue granting options under the stock option plan until May 13, 2024, being the date that is three years from the date of this resolution; and
3. any director or officer of the Corporation is hereby authorized to do such things and to sign, execute and deliver all documents that such director or officer may, in their discretion determine to be necessary in order to give full effect to the intent and purpose of this resolution."

In order to be passed, the above ordinary resolution must be approved by a majority of the votes cast by Shareholders at the Meeting. If the necessary Shareholder approval is not obtained at the Meeting, the Corporation will no longer be able to issue Common Shares from treasury upon the exercise of unallocated Options, being those Options which have not been granted as of May 13, 2021. Options granted prior to this date will continue to be unaffected by the approval or disapproval of the foregoing resolution; provided, however, that if any such Options are cancelled prior to being exercised, they will not be available for reallocation unless the foregoing resolution is approved.

IT IS THE INTENTION OF THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, TO VOTE IN FAVOUR OF APPROVING THE GRANT OF UNALLOCATED OPTIONS UNDER THE STOCK OPTION PLAN UNTIL MAY 13, 2024, UNLESS OTHERWISE DIRECTED.

6. Approval of the Corporation's Approach to Executive Compensation

The Board believes that compensation programs must be sound, fair, competitive with the market and support the Corporation's strategy and progress. The Board recognizes the increased scrutiny of executive compensation generally and believes that Shareholders should have the opportunity to fully understand executive compensation objectives, philosophy and principles, and have a say on the Corporation's approach to executive compensation. Shareholders are encouraged to review the Executive Compensation section of this Circular which provides specific executive salaries and awards and discusses the Corporation's executive compensation philosophy and approach and how respective levels of compensation are determined.

The Board and management of the Corporation wish to provide Shareholders with a non-binding advisory vote at the Meeting, which will provide Shareholders with the opportunity to vote for or against the Corporation's approach to executive compensation through the following resolution:

"BE IT RESOLVED THAT, on an advisory basis and not to diminish the role and responsibilities of the Board, the Shareholders accept the approach to executive compensation disclosed in the management information circular of the Corporation dated March 31, 2021 and delivered in advance of the 2021 annual general meeting of Shareholders."

As this is an advisory vote, the results will not be binding upon the Board. However, the Board will consider the outcome of the vote as part of its ongoing review of executive compensation. The Board believes that it is essential for Shareholders to be well informed of the Corporation's approach to executive compensation and considers this advisory vote to be an important part of the ongoing process of engagement between Shareholders and the Board. The Corporation will disclose the results of the Shareholder advisory vote as part of its report on voting results for the Meeting.

In the event that the advisory resolution is not approved by a majority of the votes cast at the meeting, the Board will consult with Shareholders (particularly those who are known to have voted against it) to understand their concerns and will review the Board's approach to executive compensation in the context of those concerns. Results from the Board's review, if necessary, will be discussed in the Corporation's management information circular for the annual meeting of shareholders of the Corporation to be held in 2022.

IT IS THE INTENTION OF THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, TO VOTE FOR THE EXECUTIVE COMPENSATION POLICY OF THE CORPORATION.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The objectives of the Corporation's executive compensation policy are to attract and retain individuals of high calibre to serve as officers of the Corporation, to motivate their performance in order to achieve the Corporation's strategic objectives and to align the interests of executive officers with the long term interests of the Corporation's Shareholders. Compensation of all executive officers is based on the underlying philosophy that such compensation should: (i) be competitive with other corporations of similar size; (ii) reward performance; (iii) be transparent and easy for Shareholders to understand; and (iv) be relatively simple to administer. Short-term incentives include base salaries and annual performance bonus, which are used to attract and retain employees. Long-term incentives include the Stock Option Plan, the performance award incentive plan (the "**PAI Plan**") and the employee stock savings plan ("**ESSP**"), which reward longer term growth in asset value per Common Share and longer term share price appreciation.

The Corporation's compensation policy is reviewed and approved by the Compensation, Governance and Nomination Committee. The Compensation, Governance and Nomination Committee considered the implications of the Corporation's compensation policies and practices and did not identify any risks arising from the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation. See "*Executive Compensation – Compensation Governance*" in this Circular.

Executive officer compensation consists of five components: (i) base salary; (ii) the ESSP; (iii) annual performance bonus; (iv) the PAI Plan; and (v) the Stock Option Plan, with the latter four components being "at-risk" remuneration. Storm's executive compensation philosophy is based on encouraging a higher relative level of share ownership while cash compensation (base salaries and annual performance bonuses) will generally target the 25th to 50th percentile of Storm's peer group. Approximately 50% of executive officer compensation is considered to be "at risk".

Each component of the Corporation's executive officer compensation arrangements is briefly described below.

Base Salaries

Base salaries of the executive officers of the Corporation are primarily based on the salaries at peer surveyed companies in the oil and gas industry. Comparative data provided by an independent third party is also reviewed. Generally, base salary compensation targets the 50th percentile. The base salaries of the named executive officers (as defined below) are not determined based on benchmarks, performance goals or a specific formula.

The companies included in Storm's peer group had similar levels of production (approximately 10,000 to 50,000 barrels of oil equivalent per day), complexity of operations and do not pay a dividend. The peer group companies used as a reference in determining 2020 salaries for the executive officers were Advantage Oil & Gas Ltd., Bellatrix Exploration Ltd., Crew Energy, Journey Energy Inc., Kelt Exploration Ltd., NuVista Energy Ltd., Obsidian Energy, Perpetual Energy Inc., Petrus Resources Ltd., Pieridae Energy Limited, Pine Cliff Energy Ltd., Tamarack Valley Energy Ltd. and Yangarra Resources Ltd.

Retention of named executive officers is a risk considered by the Compensation, Governance and Nomination Committee. The Compensation, Governance and Nomination Committee is of the view that the personal investment of these individuals in the Corporation provides considerable incentive for them to remain as officers of the Corporation.

Employee Stock Savings Plan

The ESSP is designed to encourage employees, including the officers of the Corporation, and directors of the Corporation to invest in Common Shares which results in longer term alignment of employee and Shareholder interests.

Under the ESSP, employees of the Corporation are provided with an opportunity to purchase Common Shares, through regular payroll deductions. The ESSP is a voluntary plan open to all eligible employees. All permanent full-time and part-time employees are considered to be eligible employees and are allowed to participate in the ESSP once they have completed a three-month probationary period.

A participant may contribute, by semi-monthly payroll deductions, a maximum of 8% of the participant's regular base salary towards the purchase of Common Shares. The Corporation will contribute an additional amount equal to 1.5 times the employee's contribution, which contribution will be combined with the employee's contribution to purchase Common Shares. In addition, employees may contribute up to 45% of any annual performance bonus paid to them for investment under the ESSP; the Corporation will contribute an additional amount equal to 0.4 times the employee's contribution to acquire Common Shares of the Corporation.

Each director of the Corporation may contribute up to a maximum of 45% of the fees payable to such director for the services rendered as a director of the Corporation for investment under the ESSP. The Corporation will contribute an amount of funds equal to 1.0 times the director's contribution, which contribution will be combined with the director's contribution to acquire Common shares of the Corporation.

Common Shares will be purchased by a trustee on a semi-monthly basis through the facilities of the TSX.

The Corporation's contributions vest to the respective participant immediately on the contribution being made by the Corporation; however, there is a 12-month restriction on withdrawal or sale of Common Shares acquired under the ESSP.

The Corporation is responsible for carrying out the administration of the ESSP and establishes rules from time to time for the administration of the ESSP. The Corporation is responsible for the payment of any fees or charges incurred in the operation of the ESSP, including payments to the administrator, counsel and other agents employed by the Corporation in connection with the operation of the ESSP.

Annual Performance Bonus

The Compensation, Governance and Nomination Committee recommends specific performance targets at the start of each fiscal year ("Annual Performance Targets") which are approved by the Board and then used along with its experience and judgment in assessing the performance of the executive officers to determine annual performance bonuses for the executive officers. The annual performance bonus is designed to reward contributions toward the achievement of the Corporation's goals. The annual performance bonus, if any, is paid after year-end results have been reviewed and approved by the Board of Directors.

The annual performance bonus is targeted to range from 0% to 60% of an executive officer's base salary, subject to Board discretion. The bonus as a percentage of salary is dependent on the number of Annual Performance Targets achieved and to what extent funds flow increased year over year (non-controllable).

Set out below are the Annual Performance Targets set by the Board on February 28, 2019 which were used in assessing the performance of the executive officers in respect of the 2019 annual performance bonus that was paid in March 2020. The overall score for 2019 was 30/100 (a decrease from 100/100 for 2018) and the 2019 annual performance bonus averaged 9% of 2019 executive salaries (a decrease from 41% for 2018).

Performance Award Incentive Plan

The PAI Plan is the performance based component of longer term incentive compensation which provides a variable reward to executive officers and employees that is connected to corporate performance targets that are largely based on executing the Corporation's strategic plan.

On December 10, 2020, the Board adopted the PAI Plan to grant performance awards ("Performance Awards") to officers, employees, consultants and other service providers of the Corporation. Non-employee directors are not eligible to participate. No Common Shares will be issued from treasury under the PAI Plan. The Board, in its sole discretion, has the option of settling vested Performance Awards by either or both of the following methods: (a) settlement in Common Shares acquired by a trustee through the facilities of the TSX or an alternative trading platform; or (b) payment in cash in an amount equal to the fair market value of such Performance Awards, being the volume weighted average trading price of the Common Shares for the five trading days ending immediately prior to the vesting date.

The PAI Plan is administered by the Board of Directors and the Board may delegate its powers to administer the PAI Plan to a committee of the Board. The granting of Performance Awards, and the amount of awards granted, is based on a number of factors at the Board's discretion including: (a) compensation data for comparable benchmark positions; (b) duties, responsibilities, position and seniority; (c) corporate performance measures; (d) individual contributions; (e) Option grants made or to be made, or annual performance bonus payments paid or to be paid in relation to contributions to the success of the Corporation; (f) the fair market value or current market price of the Common Shares at the time of grant of such performance award; and (g) such other factors that the Board deems relevant.

The PAI Plan may be amended or terminated at any time by the Board; provided that no amendment or termination shall impact entitlements to Performance Awards granted prior to such amendment or termination. The Performance Awards are not transferable or assignable except in the case of death.

Subject to the provisions of the PAI Plan and unless otherwise determined by the Board, payment of one-half of the award value underlying the Performance Awards is to occur on the second anniversary of the grant date of the Performance Awards and payment of the remaining one-half of the award value is to occur on the earlier of the third anniversary of the grant date of the Performance Awards and the expiry date.

Unless and until Common Shares have actually been paid in settlement of Performance Awards in accordance with the terms of the PAI Plan, Performance Awards shall not entitle the holders to exercise any rights attaching to the ownership of Common Shares or other securities of the Corporation, including, without limitation, voting rights, dividend entitlement rights or rights on liquidation, nor shall any holder be considered the owner of Common Shares by virtue of an award of Performance Awards.

Annually prior to the payment date in respect of any Performance Award, the Board shall assess the performance of the Corporation for the applicable period in relation to the Annual Performance Targets. The weighting of the individual measures comprising the Annual Performance Targets shall be determined by the Board in its sole discretion, having regard to the principal purposes of the PAI Plan and, upon the assessment of all corporate performance measures, the Board shall determine the Payout Multiplier (as defined in the PAI Plan) for the applicable period. The performance measures to be taken into consideration in determining the Payout Multiplier for each year will be the same as those used for the annual performance bonus and may include, without limitation:

- a) reserves growth per debt adjusted share;
- b) cash return on capital employed;
- c) capital efficiency;
- d) reduction in operating cost and G&A per Boe;
- e) health, safety and environmental performance; and
- f) such additional measures as the Board, in its sole discretion, shall consider appropriate in the circumstances.

The applicable Payout Multiplier may be between a minimum of zero and a maximum of 1.5 and shall be determined according to the Corporation's ranking as set forth below:

Calculation of Payout Multiplier	
Aggregate Assessment of Corporate Performance Measures	
Ranking ⁽¹⁾	Payout Multiplier
1 st Quartile	1.5
2 nd Quartile	1.0
3 rd Quartile	0.5
4 th Quartile	0.0

(1) Determined based on a score out of 100.

The Payout Multiplier for Performance Awards where the payment date is the second or third anniversary of the grant date will be the arithmetic average of the Payout Multiplier for each of the two or three preceding performance assessment periods, respectively.

The number of Performance Awards which vest on a vesting date is the number of Performance Awards scheduled to vest on such date multiplied by the Payout Multiplier.

In the event of both: (i) a change of control occurring; and (ii) a participant's service with the Corporation being either: (a) involuntarily terminated without cause; or (b) voluntarily terminated for good reason within one month prior to or 12 months following the date of a change of control, all Performance Awards which have not otherwise vested in accordance with their terms shall immediately vest, notwithstanding the other terms of the Performance Awards, and be payable on the date which is the later of the change of control and the date of the participant's

service with the Corporation being either involuntarily terminated without cause or voluntarily terminated for good reason.

Stock Option Plan

The Stock Option Plan is part of longer term incentive compensation intended to align employee and Shareholder interests by rewarding longer term share price appreciation.

Directors, officers and employees of the Corporation are eligible to participate in the Stock Option Plan. As of December 31, 2020, all of the Corporation's employees and directors participated in the Stock Option Plan. Awards are granted at varying levels depending on the individual's level of responsibility within the Corporation. All awards are approved by the Board of Directors.

The process that the Corporation uses to grant Options to the named executive officers, and the factors that are taken into account when considering new grants under the Stock Option Plan, is based upon a number of criteria, including the responsibility level of the named executive officers, the number of Options available for grant under the Stock Option Plan, the number of Options anticipated to be required to meet the future needs of the Corporation, as well as the number of Options previously granted to each of the named executive officers. It is the full Board, as opposed to the Compensation, Governance and Nomination Committee, which determines the need for any amendments to the Stock Option Plan and it is the full Board which approves Option grants to be made under the Stock Option Plan. The CEO and the Compensation, Governance and Nomination Committee provide input and recommendations to the Board regarding the granting of Options, from time to time. The CEO, in turn, and where appropriate, also obtains input from other executive officers of the Corporation when providing his input and recommendations. The grant of option-based awards is not determined based on benchmarks, performance goals or a specific formula.

As at March 31, 2021, an aggregate of 12,176,931 Common Shares (10% of the issued and outstanding Common Shares) was available for issuance under the Stock Option Plan. Of this amount, Options in respect of 9,977,830 Common Shares have been issued (8.2% of the issued and outstanding Common Shares), of which all were unexercised as at the date of this Circular.

As at March 31, 2021, there remained Options in respect of 2,199,101 Common Shares which are available for future Option grants under the Stock Option Plan. At the Meeting, Shareholders will be asked to approve the issuance of all unallocated Options pursuant to the Stock Option Plan.

Over time, Option grants are expected to decline to approximately 7% of issued and outstanding Common Shares (from current 8.2%) as existing Options expire and are replaced by a lesser number of new Option grants plus Performance Awards.

A summary of the amended Stock Option Plan is described in Appendix C hereto.

Compensation Governance

The Compensation, Governance and Nomination Committee exercises general responsibility regarding overall employee and executive officer compensation. It determines the total compensation of the Chief Executive Officer, subject to Board approval. The Compensation, Governance and Nomination Committee meets with the Chief Executive Officer to review all other salaries and compensation items, but direct approval of these salaries and compensation items is approved by the Board annually in the overall general and administrative expense budget.

The Compensation, Governance and Nomination Committee reviews and identifies compensation policies and practices that could encourage executives to take inappropriate or excessive risks which are mitigated through: (i) structuring compensation policies and practices similarly for all executive officers and employees; (ii) avoiding narrowly focused performance goals which may encourage loss of focus on providing long-term Shareholder return; and (iii) weighting long-term incentives towards share ownership and vesting long term incentives over a number of years.

The Compensation, Governance and Nomination Committee is comprised of three members: Mark A. Butler (Chairman), Matthew J. Brister and P. Grant Wierzba. Each of the members of the Compensation, Governance and Nomination Committee is an independent director and is ineligible to participate in any of the Corporation's

executive officer compensation programs, other than the Stock Option Plan, ESSP and DSA Plan (as defined below). Each has extensive experience as both director and officer with various public companies in the design and implementation of executive and employee compensation plans. The skills and experience possessed by members of the Compensation, Governance and Nomination Committee acquired as a result of their lengthy and extensive business or professional careers will assist and enable them to make decisions on the suitability of the Corporation's compensation policies and practices.

Share Ownership Guidelines

The Board adopted share-ownership guidelines on March 2, 2021 to further align the long-term interests of the Corporation's shareholders and its executive officers and non-executive directors. Under the policy guidelines each of the executive officers is required, within five years of his or her hire date (or policy effective date of March 2, 2021), to have common shares and common share equivalents having an aggregate value at least equal to two times his or her annual base salary as an executive officer of the Corporation with the exception of the CEO who is required to have common shares and common share equivalents having an aggregate value of at least equal to three times his or her annual base salary. Non-executive directors are required, within five years of his or her election date (or policy effective date of March 2, 2021), to have common shares and common share equivalents having an aggregate value of at least equal to three times his or her annual retainer. The first determination date for the purposes of determining compliance with these guidelines will be January 2, 2022.

As at the date hereof, the officers and directors, as a group, held, directly or indirectly, or exercise control or direction over 15,549,130 Common Shares representing approximately 12.8% of the issued and outstanding Common Shares. The Corporation's executives are eligible to participate in the same ESSP as employees, which further promotes share ownership.

Financial Instruments

The Corporation has a written anti-hedging policy (the "**Anti-Hedging Policy**") that prohibits a named executive officer or director, among others, from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, instruments for the short sale or purchase or sale of call or put options, equity swaps, collars, or units of exchange funds, that are designed to or that may reasonably be expected to have the effect of hedging or offsetting a decrease in the market value of equity securities granted as compensation or held, directly or indirectly, by the named executive officer or director.

In addition, pursuant to the Anti-Hedging Policy governing insider trading, short-term speculative trading of the Common Shares by officers, directors and employees is strongly discouraged as it conflicts with the best interests of the Corporation and its Shareholders. Consequently, insiders including the Corporation's executive officers, directors and their related persons, are not only discouraged from frequently trading the Common Shares, but are also specifically prohibited from short selling any Common Shares and from trading in any derivative instruments involving the Corporation's securities. Management is not aware of any named executive officer or director purchasing such an instrument related to the Common Shares.

Summary Compensation Table

The following table provides a summary of compensation earned by: (i) the Chief Executive Officer; (ii) the Chief Financial Officer; (iii) each of the five most highly compensated executive officers of the Corporation, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000; and (iv) each individual who would qualify under item (iii) but for the fact that the individual was neither an executive officer of the Corporation nor acting in a similar capacity, at the end of that financial year (collectively, the "**named executive officers**").

Notes:

- (1) Mr. Lavergne is an executive director of the Corporation. No amounts were paid to Mr. Lavergne for his role as a director of the Corporation.
- (2) The compensation reported under share-based awards is the value of PAIs. The value of PAIs is based on the number of PAIs granted multiplied by the volume weighted average price per Common Share on the TSX for the five trading days immediately preceding the grant date. This methodology for calculating the fair value of the PAIs on the grant date is consistent with the initial fair value determined in accordance with IFRS 2.
- (3) The grant date fair value for the option-based awards is the same as the financial statement fair value.
- (4) This represents cash bonuses paid to each of the named executive officers during the respective calendar year for individual and corporate performance relating to the prior year. For example, the payment in 2020 represents the cash bonus for performance in 2019.
- (5) Included are contributions made by the Corporation on behalf of each named executive officer to the ESSP. The ESSP is described under the heading “Executive Compensation – Employee Stock Savings Plan” in this Circular. Perquisites and other personal benefits do not exceed \$25,000 annually for any of the named executive officers.

- (1) Calculated based on the difference between the closing price of \$2.18 per Common Share on the TSX on December 31, 2020 and the exercise price of the Options, multiplied by the number of Common Shares under Option.
- (2) The value of the unvested PAIs has been calculated by multiplying the number of PAIs issued by the closing price of the Common Shares on the TSX on December 31, 2020, being \$2.18 (assumes a payout multiplier of 1.0).

Incentive Compensation Clawback Policy

The Corporation has a written incentive compensation clawback policy (the “**Clawback Policy**”) to ensure that the Board and the Compensation, Governance and Nomination Committee are able to take direct, appropriate action to rectify or prevent the unjust enrichment of any member of senior management who, through his or her misconduct improperly receives incentive compensation beyond what he or she would, in the absence of such misconduct, have otherwise been entitled to receive.

The Clawback Policy generally provides that if the Corporation is required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement under the law as a result of misconduct, certain award repayment would be required. Specifically, the executive officer must reimburse the Corporation for any incentive award made to him or her on the basis of having met or exceeded specific targets for performance periods occurring in whole or in part during the 12-month period following the first public issuance or filing with the securities regulatory authorities (whichever first occurs) of the financial document embodying such erroneous financial reporting results.

Pension Plan Benefits

The Corporation has no pension or retirement plans for its directors, officers or employees.

Termination and Change of Control Benefits

The Corporation does not have any written employment agreements in respect of the named executive officers.

Director Compensation

In designing a compensation program for non-executive directors, the Board's objective is to ensure that the Corporation attracts and retains highly qualified, committed and talented members of the Board with an extensive and relevant breadth of experience, as well as to align the interests of directors with those of its Shareholders over the longer term.

The Board sets the compensation of non-executive directors based on the Compensation, Governance and Nomination Committee's recommendations. The Compensation, Governance and Nomination Committee annually reviews the compensation of non-executive directors and recommends to the Board such adjustments as it considers appropriate and necessary to recognize the workload, time commitment and responsibility of the Board and committee members and to remain competitive with peers and with director compensation trends in Canada.

There are four components to director compensation: (i) cash fees, paid as compensation for the time commitment; (ii) Options, which align the interests of directors and Shareholders over the longer term (intended to reward longer term share price appreciation); (iii) participation in the ESSP; and (iv) the DSA Plan (as defined below). Approximately 75% of director compensation is targeted to be "at risk".

In 2020, non-executive directors received an annual retainer of \$40,000 payable quarterly, received a per-meeting fee of \$1,000 and were reimbursed for expenses incurred by them in attending directors' meetings and committee meetings. In addition, the Chairman and Chairman of the Audit Committee each received an additional \$15,000, and the Chairman of the Reserves, Environment, Health and Safety Committee and Chairman of the Compensation, Governance and Nomination Committee each received an additional \$5,000 for acting in those positions.

Each director of the Corporation may contribute up to a maximum of 45% of directors' fees payable to such director for purchase of Common Shares under the ESSP. The Corporation will contribute an amount equal to 1.0 times the director's contribution, which will be combined with the director's contribution to purchase Common Shares under the ESSP. There is a 12-month restriction on withdrawal or sale of Common Shares acquired under the ESSP.

Director Share Award Plan

On December 10, 2020, the Board adopted the director share award plan (the "**DSA Plan**") to grant director share awards ("**DSAs**") to non-employee directors. Each DSA represents a bookkeeping entry equivalent in value to one Common Share. No Common Shares will be issued from treasury under the DSA Plan. The Board, in its sole discretion, has the option of settling vested DSAs by either or both of the following methods: (a) settlement in Common Shares acquired by a trustee through the facilities of the TSX or an alternative trading platform; or (b) payment in cash in an amount equal to the fair market value of such DSAs, being the volume weighted average trading price of the Common Shares for the five trading days ending immediately prior to the vesting date.

The purpose of the DSA Plan is to enhance the Corporation's ability to attract and retain qualified, high calibre and talented individuals to serve as members of the Board and to promote a greater alignment of interests between non-employee members of the Board and the Shareholders of the Corporation.

The DSA Plan is administered by the Board of Directors and the Board may delegate its powers to administer the DSA Plan to a committee of the Board. DSAs may be granted at the discretion of the Board, in such number that may be determined at the time of grant. The DSA Plan may be amended or terminated at any time by the Board; provided that no amendment or termination shall impact entitlements to DSAs granted prior to such amendment or termination. The DSAs are not transferable or assignable except in the case of death.

Subject to the provisions of the DSA Plan and unless otherwise determined by the Board, payment of one-half of the award value underlying the DSAs is to occur on the second anniversary of the grant date of the DSAs and payment of the remaining one-half of the award value is to occur on the third anniversary of the grant date of the DSAs.

Unless and until Common Shares have actually been paid in settlement of DSAs in accordance with the terms of the DSA Plan, DSAs shall not entitle the holders to exercise any rights attaching to the ownership of Common Shares or other securities of the Corporation, including, without limitation, voting rights, dividend entitlement rights

or rights on liquidation, nor shall any holder be considered the owner of Common Shares by virtue of an award of DSAs.

The following table provides a summary of compensation the non-executive directors earned during the period ended December 31, 2020.

James K. Wilson	67,000	21,735	23,440	-	-	-	112,175

Notes:

- (1) The compensation reported under share-based awards is the value of DSAs. The value of DSAs is based on the number of DSAs granted multiplied by the volume weighted average price per Common Share on the TSX for the five trading days immediately preceding the grant date. This methodology for calculating the fair value of the DSAs on the grant date is consistent with the initial fair value determined in accordance with IFRS 2.
- (2) The grant date fair value for the option-based awards is the same as the financial statement fair value.
- (3) Contributions made by the Corporation on behalf of each director to the ESSP. The ESSP is described under the heading “Executive Compensation – Employee Stock Savings Plan” in this Circular. Perquisites and other personal benefits do not exceed \$7,000 annually for any of the named directors.

Performance Graph

The following performance graph illustrates Storm’s cumulative Shareholder return over the five most recently completed financial years (which includes periods in which the Common Shares were listed on the TSX-V), assuming an initial \$100 investment in the Common Shares, compared to the cumulative return of the S&P/TSX Composite Index and the S&P/TSX Capped Energy Index. The Corporation graduated from the TSX-V to the TSX on September 27, 2017. The closing price for the Common Shares on the TSX on December 31, 2020 (the last trading day in the Corporation’s most recently completed financial year) was \$2.18.

	January 1, 2016	December 31, 2016	December 31, 2017	December 31, 2018	December 31, 2019	December 31, 2020	Average Annual Return
Storm Common Shares	100	147.63	75.21	48.47	45.68	61.00	-9.4%
S&P/TSX Composite Index	100	121.08	132.09	120.36	147.89	156.17	9.3%
S&P/TSX Capped Energy Index	100	139.64	124.83	91.66	100.60	65.75	-8.0%

The trading price of the Common Shares is subject to fluctuation based on several factors, many of which are outside the control of the Corporation. These include, but are not limited to, fluctuations and volatility in commodity price markets for crude oil, natural gas and natural gas liquids, input costs relating to products used in connection with the Corporation’s services, global economic conditions, changes in government, environmental policies, legislation and royalty regimes, and other factors, some of which are disclosed and discussed under the heading “Risk Factors” in the Corporation’s annual information form dated March 31, 2021 (the “AIF”).

The trend shown in the above graph does not necessarily correspond to the Corporation’s compensation to its named executive officers for the period ended December 31, 2020 or for any prior fiscal periods. The Corporation’s executive compensation is reviewed annually and is set by the Board upon the recommendation of the Compensation, Governance and Nomination Committee. In connection with its determination of appropriate levels

of compensation, the Compensation, Governance and Nomination Committee and the Board consider a number of factors, all of which are discussed under "*Executive Compensation – Compensation Discussion and Analysis*".

In setting the compensation program for the Corporation, the Compensation, Governance and Nomination Committee and the Board also examine and consider executive compensation levels relative to its industry peer groups, as discussed under "*Executive Compensation – Compensation Discussion and Analysis*", many of which do not necessarily correspond to the market or trading price of such industry peers' securities.

MANAGEMENT CONTRACTS

The Corporation has not entered into any management contracts.

See "*General Development of the Business – Year-Ended 2020*" and "*Material Contracts*" in the AIF.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 – *Corporate Governance Guidelines* (the "**Guidelines**") came into force on June 30, 2005. These Guidelines address such matters as the constitution and independence of boards of directors, the functions to be performed by boards and their committees, and the relationship between boards of directors, management and Shareholders. The Board of Directors and senior management consider good corporate governance to be central to the effective and efficient operation of the Corporation. The recommended disclosure is set out in matrix form and attached to this Circular as Appendix A. Given the history and nature of the Corporation's development,

not all of the recommendations contained in the Guidelines have been followed. Disclosure respecting the Corporation's approach to corporate governance is set out below and in Appendix A hereto.

MANDATE OF THE BOARD AND POSITION DESCRIPTIONS

The Board of Directors has adopted a written mandate, attached hereto as Appendix B, that summarizes, among other things, the Board's duties and responsibilities. The Board of Directors is generally responsible for the management and strategic direction of the Corporation. The primary responsibility of the Board is to promote the best interests of the Corporation for the benefit of its Shareholders. This responsibility includes: (i) approving annual capital expenditure budgets and general and administrative expense budgets and reviewing fundamental operating, financial and other corporate plans, strategies and objectives; (ii) outlining key operating parameters including debt levels and ratios; (iii) evaluating the performance of the Corporation and senior management; (iv) determining, evaluating and fixing the compensation of executive officers; (v) overseeing all environment, social and governance ("ESG") matters and reviewing the responsibilities of the committees of the Board to ensure an integrated approach to ESG matters; (vi) considering risk management matters and hedging policies; (vii) reviewing the process of providing appropriate financial and operational information to Shareholders and the public generally; and (viii) evaluating the overall effectiveness of the Board. The Board explicitly acknowledges its responsibility for the stewardship of the Corporation. The Board reviews with management matters of strategic planning, business risk identification, succession planning, communications policy and integrity of internal control and management information systems. The Board fulfils its responsibilities through regular meetings. It meets a minimum of four times per year. In addition, the Board meets at such other times as may be required if it is not possible to deal with the Corporation's business at a regularly scheduled meeting.

The Corporation has formal position descriptions for the Chairman of the Board and the Chief Executive Officer which can be viewed on the Corporation's website at www.stormresourcesltd.com. The Board does not have written position descriptions for the Chair of each Board committee. For further information, including a description of each individual's respective duties, see "*Appendix A – Statement of Corporate Governance Practices*".

The Chairman of the Board presides at meetings of the Board and the Shareholders, provides leadership to the Board and assists the Board in reviewing and monitoring the strategy, goals, objectives and policies of the Corporation, works with management to schedule meetings of the Board and organizes and presents agendas for regular or special Board meetings and communicates with the Board to keep it current on all material developments. The Chair of each Board committee works with management to schedule meetings of such committees and organizes and presents agendas for such meetings.

The Board, in conjunction with management, sets the Corporation's annual objectives which become the objectives against which the Chief Executive Officer's performance is measured. The Board has plenary power; any responsibility which is not delegated to management or a Board committee remains with the Board.

COMPOSITION OF THE BOARD OF DIRECTORS

Independence of Members of the Board

The Guidelines recommend that the board of directors of every listed company should be constituted with a majority of individuals who qualify as "independent" directors. An "independent" director is a director who has no direct or indirect material relationship with the issuer. A "material relationship" means a relationship which could, in the view of the issuer's board of directors, reasonably interfere with the exercise of a member's independent judgement. Section 1.4 of National Instrument 52-110 - *Audit Committees* ("NI 52-110") contains further detail regarding the meaning of "independence" and "material relationship".

Based on these definitions, eight of Storm's nine existing directors are independent directors. Mr. Lavergne (President and Chief Executive Officer) is the only board member who is not independent. Mr. Lavergne is not considered independent since he serves as an executive officer of the Corporation. The Chairman of the Board, Mr. Stuart Clark, is an independent director.

Mr. Brussa is Chairman of Burnet, Duckworth & Palmer LLP, a law firm which provided legal services to, and received fees from, the Corporation in the year ended December 31, 2020. The Compensation, Governance and Nomination Committee and the Board of Directors do not consider such relationship to be a material relationship which could reasonably be expected to interfere with the exercise of independent judgment for the purposes of NI

58-101 as based on review of NI 52-110. Mr. Brussa is a limited partner that has no active role in providing legal services to the Corporation or the Board, is not involved in any billing matters between the firm and the Corporation, and the Board does not consider that the fees payable by the Corporation to the firm could reasonably be expected to interfere with Mr. Brussa's exercise of independent judgment. The Corporation's legal fees paid to the firm for the year ended December 31, 2020 totaled \$11,850.

Orientation and Continuing Education

All new directors are provided with copies of all Board and committee mandates and policies, the Corporation's by-laws, pertinent corporate information and other reference materials and are introduced to senior management and the other directors of the Corporation. Although the Board and management encourages directors to be apprised of developments in the oil and gas industry and expects directors to keep up-to-date with the Corporation's business and affairs, the Board is of the view that formal continuing education programs for directors are not required by virtue of the fact that the nominated directors have the necessary experience and expertise required to satisfy their duties and responsibilities. The orientation and education process is reviewed from time to time and will be revised accordingly as circumstances warrant.

Ethical Business Conduct

The directors are of the view that a culture of strong corporate governance and ethical business conduct must be endorsed by the Board and the Corporation's executive officers. The Corporation has a written code of business conduct and ethics (the "Code") for its directors, officers and employees which has been approved by the Board and distributed to all directors, officers and employees. A copy of the Code can be found on the Corporation's website at www.stormresourcesltd.com and under the Corporation's SEDAR profile at www.sedar.com. The Board has delegated to senior management the responsibility for day to day monitoring of compliance with the Code and the Code has a provision to allow reports of concerns, complaints or breaches to be made directly to the Chair of the Audit Committee. Any waivers of compliance with the Code is reviewed by the Audit Committee which then reports and makes a recommendation to the Board. To the knowledge of the Board, there have been no departures or waivers from this Code that would necessitate the filing of a material change report.

Diversity and Inclusion

The Board has a formal diversity policy. A copy of the diversity policy can be found on the Corporation's website at www.stormresourcesltd.com. The diversity policy defines diversity as including, but not limited to, gender, age, race, cultural and educational background, professional experience, skills, knowledge, region, industry experience and length of service. While diversity, and specifically gender diversity, is a key critical consideration, all Board appointments are made on merit, in the context of skills, experience, independence and knowledge which the Board as a whole requires to be effective.

The Compensation, Governance and Nomination Committee reviews and assesses Board composition and makes recommendations regarding the appointment of new directors.

The Board recognizes the benefits of having a diverse Board and diversity amongst employees to enhance the quality of its performance. As described above, gender is one of the elements of diversity the Compensation, Governance and Nomination Committee considers when reviewing and assessing Board and employee composition and when recommending appointments of new directors or the hiring of new employees. The focus is on attracting the competencies that best meet the needs of the Board at any point in time. In reviewing Board composition, the Compensation, Governance and Nomination Committee has considered all aspects of diversity including, but not limited to, gender. The Corporation takes the approach of continually striving to improve through the creation and implementation of policies and the fostering of a culture that is encouraging and accepting of diversity.

Assuming all directors nominated by management at the Meeting are elected, there will be one of nine (11%) directors on the Board who is a woman and one executive officer of the Corporation who is a woman.

Board Tenure

The Board does not believe that fixed term limits or mandatory retirement ages have been demonstrated to be in the best interest of the Corporation and as such, it has not specifically adopted term limits or other mechanisms for

board renewal. However, on an informal basis the Board regularly assesses the performance of the Board as a whole and the individual committees. Through this review process, the Board determines whether there are any performance issues to be dealt with and therefore whether the individual directors are able to continue to make an effective contribution to the governance of the Corporation and recommend changes when appropriate. The Board is of the view that a regular review process is more effective than arbitrary term limits or a mandatory retirement age.

The Board is concerned that imposing arbitrary and inflexible director term limits may result in Storm losing valued directors at a time when Storm most needs their skills, qualities and contributions, as well as their knowledge of the history and culture of the organization. Mandatory retirement ages pose the same risk and the Board does not want to risk the loss of key directors to retirement policies that are arbitrary, inflexible, and not based on performance. As a result, the Board does not feel that it would be appropriate to set term limits for its directors but rather relies on the experience of its members to determine when Board renewals, Board removals and Board additions are appropriate.

BOARD COMMITTEES

The Board of Directors has established the Audit Committee, the Compensation, Governance and Nomination Committee and the Reserves, Environment, Health and Safety Committee as committees of the Board. Terms of reference for each committee, which delineate the mandate of the committee, the composition of the committee, the frequency of committee meetings and other relevant matters, have been approved and adopted by the Board for each committee.

The committee meets at least once annually or otherwise as circumstances warrant.

Since 2019, this committee has been responsible for environment, health and safety matters. Storm and its Board are committed to conducting business in an environmentally responsible manner and to protecting the health and safety of employees, contractors, stakeholders and the public. Management continually monitors and reviews performance in these areas relative to corporate objectives and regulatory requirements, and strives for continual improvement.

Based on review of NI 52-110, Mr. Brussa is a limited partner that has no active role in providing legal services to the Corporation or the Board, is not involved in any billing matters between the firm and the Corporation, and the Board does not consider that the fees payable by the Corporation to the firm could reasonably be expected to interfere with Mr. Brussa's exercise of independent judgment. The legal fees paid by the Corporation to the firm for the year ended December 31, 2020 totaled \$11,850 relative to the value of Mr. Brussa's shareholdings of 651,518 Common Shares as detailed on page 6 of this Circular.

The Board receives regular management reports and presentations with respect to the Corporation's operations and activities.
5. Ethical Business Conduct	
(a) Disclose whether or not the Board has adopted a written code for directors, officers and employees. If the Board has adopted a written code:	The Corporation has adopted a Code of Business Conduct and Ethics for directors, officers and employees (the “ Code ”). 6. Nomination of Directors

- (a) Describe the process by which the Board identifies new candidates for Board nomination.
- The Compensation, Governance and Nomination Committee is responsible for recommending suitable candidates for nominees for election or appointment as director, and recommending the criteria governing the desirable characteristics for directors. In making such recommendations, the Compensation, Governance and Nomination Committee screens the qualifications of candidates against a skills matrix and considers: (i) the competence and skills that the Board considers to be necessary for the Board, as a whole, to possess; (ii) the competence and skills that the Board considers each existing director to possess; (iii) the competence and skills that each new nominee will bring to the boardroom; and (iv) whether or not each new nominee can devote sufficient time and resources to his or her duties as a member of the Board. Diversity, including gender diversity, is also a consideration.
- When potential candidates have been identified, they are screened to ensure that they possess the requisite qualities of integrity, areas of business and professional experience, independence considerations and other skills. The other commitments of the potential candidates are also considered to ensure that the candidate is able to fulfill his or her obligations as a member of the Board. In the past, potential candidates have been identified through suggestions from members of the Board and industry contacts.
- The Compensation, Governance and Nomination Committee is also to review on a periodic basis the composition of the Board to ensure that an appropriate number of independent directors sit on the Board, and analyze the needs of the Board and recommend nominees who meet such needs.

Guidelines	Description of Approach
	The tables on page 7 of this Circular reflect the diverse skill set of the Board and identify the specific experience and expertise brought by each individual director.
(b) Disclose whether or not the Board has a nominating committee composed entirely of independent directors.	All three members of the Compensation, Governance and Nomination Committee are independent directors. The members of the Compensation, Governance and Nomination Committee are Messrs. Butler, Brister and Wierzba.
(c) If the Board has a nominating committee, describe its responsibilities, powers and operation.	See item 6(a).
7. Compensation	
(a) Describe the processes by which the Board determines the compensation for the Corporation's directors and officers.	As disclosed under the heading " <i>Executive Compensation</i> " in this Circular, the Compensation, Governance and Nomination Committee obtains the results of a survey of the compensation provided to directors and officers of similar sized corporations and makes annual recommendations to the Board regarding director and officer compensation.
(b) Disclose whether or not the Board has a compensation committee composed entirely of independent directors.	The Compensation, Governance and Nomination Committee is composed entirely of independent directors.
(c) Describe the responsibilities, powers and operation of the Compensation, Governance and Nomination Committee.	The Compensation, Governance and Nomination Committee is responsible for reviewing annually employment and remuneration policies and making recommendations to the Board in respect of compensation issues relating to directors, officers and employees of the Corporation. It also reviews the performance of the Chief Executive Officer and other officers as required. For a more detailed summary of the responsibilities, powers and operation of the Compensation, Governance and Nomination Committee see " <i>Executive Compensation</i> " and " <i>Board Committees – Compensation, Governance and Nomination Committee</i> ".
8. Other Board Committees	
If the Board has other standing committees, other than audit, compensation and nominating committees, identify the committees and describe their function. 	risks. The composition and function of the Reserves, Environment, Health and Safety Committee are described in this Circular under “ <i>Board Committees – Reserves, Environment, Health and Safety Committee</i> ”.
9. Regular Board Assessments	
Disclose whether or not the Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the Board satisfies itself that the Board, its committees, and its individual directors are performing effectively.	The Board is responsible by its mandate to evaluate the effectiveness of the Board, committees and individual directors. The Board regularly evaluates Board effectiveness through informal communications with Board members and through participation with other Board members on committees and matters relating to the Board. The Board, with the participation of the Chairman, may recommend changes to enhance Board performance based on this communication as well as based on its review and assessment of the Board structure and individuals in relation to current industry and regulatory expectations. From time to time, the Board considers the procedural or substantive changes to increase its effectiveness. Given the relatively small size and consistency of membership of the Board, this assessment methodology has been both responsive and practical.
10. Director Term Limits and Other Mechanisms of Board Renewal	
Disclose whether or not term limits for the directors or other mechanisms of Board renewal have been adopted. If so, include a description of the mechanism. If not, disclose why it has not done so.	The Board has not adopted term limits for Board members. However, on an informal basis the Board regularly assesses the performance of the Board as a whole and the individual committees. Through this review process, the Board determines if there are any performance issues and if individual directors are effectively contributing to the governance and direction of the Corporation. The Board is of the view that a regular review process is more effective than arbitrary term limits or a mandatory retirement age.
	The Board is concerned that imposing arbitrary and inflexible director term limits may result in Storm losing valued directors at a time when Storm most needs their skills, qualities and contributions, as well as their knowledge of the history and culture of the organization. Mandatory retirement ages pose the same risk and the Board does not want to risk the loss of key directors to retirement policies that are arbitrary, inflexible, and not based on performance. As a result, the Board does not feel that it would be appropriate to set term limits for its directors but rather relies on the experience of its members to determine when Board renewals, Board removals and Board additions are appropriate.
11. Representation of Women on the Board	
(a) Disclose whether the issuer has adopted a written policy relating to	The Corporation has adopted a formal written diversity policy in which gender is one of the elements considered when

The Board acknowledges the importance of diversity, including gender diversity, in the review and consideration of potential director nominees. The Board evaluates potential nominees to the Board by reviewing individual qualifications of prospective members and determining if the candidates' qualifications will meaningfully contribute to the effective functioning of the Board, taking into consideration the then current Board composition or diversity and the anticipated skills required to round out the capabilities of the Board.
(b) If such a policy has been adopted, disclose (i) a short summary of its objectives and key provisions; (ii) measures taken to ensure effective implementation; (iii) annual and cumulative progress by the issuer in achieving the objectives of the policy; and (iv) whether and, if so, how the board or its nominating committee measures the effectiveness of the policy.	See item 11(a). A copy of the Corporation's diversity policy is available on the Corporation's website at www.stormresourcesltd.com . The Corporation has advanced its diversity initiatives through the addition of Ms. Shelia A. Leggett to the Board on July 11, 2018.
12. Representation of Women in the Director Identification and Selection Process	Disclose whether and, if so, how the Board or nominating committee considers the level of representation of women on the Board in identifying and nominating candidates for election or re-election to the Board. If the issuer does not consider the level of representation of women on the Board in identifying and nominating candidates for election or re-election to the Board, disclose the issuer's reasons for not doing so.
13. Representation of Women in Executive Officer Appointments	Disclose whether and, if so, how the issuer considers the level of representation of women in executive officer positions when making executive officer appointments. If the issuer does not consider the level of representation of women in executive officer positions when
	The Board considers the level of representation of women on the Board in identifying and nominating Board members pursuant to the Corporation's diversity policy. The number of women directors on the Board is a factor that the Compensation, Governance and Nomination Committee will consider when selecting new nominees for the Board having regard to current Board composition, and the anticipated skills required to round out the capabilities of the Board, including knowledge and diversity of membership.
	The Board considers the level of representation of women in executive officer positions pursuant to the Corporation's diversity policy when making executive officer appointments. Storm is committed to the fundamental principles of equal employment opportunities with a foundation based on treating people fairly, with respect and dignity, and to offering equal employment opportunities based upon an individual's qualifications and performance free from discrimination or harassment because of race, colour, ancestry, place of origin,

Furthermore, Storm's employment policies and procedures provide that the primary considerations for selecting candidates would include experience, skill and ability, while giving consideration to the importance of diversity, including gender diversity, when recruiting for and appointing executive officers.
14. Issuer's Target Regarding the Representation of Women on the Board and in Executive Officer Positions	
(a) Disclose whether the issuer has adopted a target regarding women on the issuer's Board and in executive officer positions of the issuer. If the issuer has not adopted a target, disclose why it has not done so.	The Corporation has not adopted a target regarding women on the Board or women in executive officer positions. When filling any vacant or new positions, the focus is on attracting the competencies that best meet the needs of the Board or the Corporation at any point in time. In reviewing Board composition, the Compensation, Governance and Nomination Committee will consider all aspects of diversity including, but not limited to, gender. While Board diversity is a key critical consideration, all Board appointments are made on merit, in the context of skills, experience, independence and knowledge which the Board as a whole requires to be effective. In regards to executive officer positions, focus is on attracting the competencies that best meet the needs of the Corporation at any point in time, with the intention of having women represented at all levels of the organization. The Corporation takes the approach of continually striving to improve through the creation and implementation of policies and the fostering of a culture that is encouraging and accepting of diversity, rather than setting targets.

APPENDIX C

DESCRIPTION OF STOCK OPTION PLAN

Description of Plan

A summary of the amended Stock Option Plan is described below. Shareholders are encouraged to review the full text of the Stock Option Plan, as amended and restated, which was attached as Appendix B to the Corporation's management information circular dated as of March 29, 2018 and is available on the Corporation's website at www.stormresourcesltd.com and SEDAR profile at www.sedar.com.

Eligibility

The Stock Option Plan provides for the granting of Options to purchase Common Shares to directors, officers and employees of the Corporation.

Administration

The Stock Option Plan is administered by the Board of Directors and the Board may, subject to applicable law, delegate its powers to administer the Stock Option Plan to a committee of the Board. Options may be granted at the discretion of the Board, in such number that may be determined at the time of grant, subject to the limits set out in the Stock Option Plan. Previous grants are taken into account when considering new grants.

Exercise Price

The exercise price of Options granted under the Stock Option Plan is fixed by the Board at the time of grant, provided that the exercise price shall be not less than the volume weighted average trading price of the Common Shares for the five trading days ending immediately prior to the time of grant. The exercise price is intended to be the fair market value of the Common Shares at the date of grant and, subject to the approval of the Board, the TSX and the Shareholders of the Corporation (where required), the exercise price may be adjusted if necessary to achieve that result. Disinterested Shareholder Approval (as such term is defined in the Stock Option Plan) is required for the reduction of the exercise price of any Options.

Burn Rate

The Corporation's burn rate, calculated in accordance with Section 613(p) of the TSX Company Manual, under the Stock Option Plan was 4.1% in fiscal 2018, 2.5% in fiscal 2019 and 2.0% in fiscal 2020. Management expects that the burn rate in fiscal 2021 will be approximately 1.8%. The 2018 burn rate of 4.1% was higher than normal as the Option grant that would typically have been done in December 2017 occurred instead on January 3, 2018 (fiscal 2017 burn rate was 0.3%). The burn rate is subject to change from time to time, based on the number of Options granted and the number of Common Shares issued and outstanding. The burn rate for a given period is calculated by dividing the number of Options granted under the Stock Option Plan during the applicable fiscal year by the weighted average of Common Shares outstanding during such period.

Maximum Percentage of Common Shares Reserved

The aggregate number of Common Shares that may be issued pursuant to the exercise of Options awarded under the amended Stock Option Plan and all other security based compensation arrangements of the Corporation, excluding compensation arrangements which do not involve the issuance of securities from the Corporation's treasury, such as the ESSP, the PAI Plan and the DSA Plan (as defined below), is 10% of the Common Shares outstanding from time to time, subject to the following limitations:

1. the aggregate number of Common Shares reserved for issuance to any one person under the Stock Option Plan, together with all other security based compensation arrangements of the Corporation, within a 12-month period, must not exceed 5% of the outstanding issue of Common Shares (on a non-diluted basis);

2. the aggregate number of Common Shares reserved for issuance to any one insider (as defined in the policies of the TSX) and such insider's associates pursuant to the Stock Option Plan, together with all other security based compensation arrangements of the Corporation, must not exceed 5% of the outstanding issue of Common Shares;
3. the aggregate number of Common Shares that may be issued to insiders pursuant to the Stock Option Plan, together with all other security based compensation arrangements of the Corporation, within a 12 month period, must not exceed 10% of the outstanding issue of Common Shares;
4. the aggregate number of Common Shares reserved for issuance to insiders pursuant to the Stock Option Plan, together with all other security based compensation arrangements of the Corporation, at any time, must not exceed 10% of the outstanding issue of Common Shares;
5. the aggregate number of Common Shares reserved for issuance to any one participant employed to provide investor relations activities (as defined in the Stock Option Plan) within a 12-month period, must not exceed 2% of the outstanding issue of Common Shares; and
6. the aggregate value of Common Shares reserved for issuance to any one non-employee director in any calendar year under all security based compensation arrangements of the Corporation shall not exceed \$150,000, of which no more than \$100,000 may be issued as Options under the Stock Option Plan.

Transferability

The Options are not assignable or transferable by a participant, except for a limited right of assignment in the event of the death of the participant.

Term and Vesting

The term of Options granted shall be determined by the Board in its discretion, to a maximum of four years from the date of the grant of the Option. The vesting period or periods within this period during which an Option or a portion thereof may be exercised shall be determined by the Board. In the absence of any determination by the Board as to vesting, and subject to the policies of the TSX, vesting shall be as to one third on each of the first, second and third anniversaries of the date of grant. Further, the Board may, in its sole discretion at any time or in the Option agreement in respect of any Options granted, accelerate or provide for the acceleration of vesting of Options previously granted.

Early Expiration

Unless otherwise provided in an agreement evidencing the grant of Options, Options shall terminate at the earlier of: (i) the close of business 30 days after the participant ceasing (other than by reason of death or termination with cause) to be at least one of an officer, director or employee of the Corporation in active employment carrying out regular and normal duties; (ii) the close of business 30 days after the participant has been provided with written notice of dismissal related to (i) above; and (iii) the expiry date of the Option. If before the expiry of an Option in accordance with the terms thereof a participant ceases to be an employee, officer or director by reason of the death of the participant, any unvested portion of such Option shall immediately vest. In addition, such Option may, subject to the terms thereof and any other terms of the Stock Option Plan, be exercised by the legal personal representative(s) of the participant's estate or at any time before 5:00 p.m. (Calgary time) up to six months after the date of death of the participant, or until the expiry date of the Option, if earlier.

Change of Control and Termination

In the event of both: (i) a Change of Control (as defined in the Stock Option Plan) occurring; and (ii) a participant's service with the Corporation being either: (a) involuntarily terminated without Cause (as defined in the Stock Option Plan); or (b) voluntarily terminated for Good Reason (as defined in the Stock Option Plan) within one month prior to or 12 months following the date of a Change of Control, all Options which have not otherwise vested in accordance with their terms shall immediately vest and be exercisable, notwithstanding the other terms of the Options, for a period of time ending on the earlier of the expiry time of the Option and the later of the 30th day following the Change of Control and the termination.

Voluntary Black-Out Periods

The Corporation has adopted a policy on trading in the securities of the Corporation which includes self-imposed black-out periods from time to time, preventing officers, directors, and employees in certain circumstances, from exercising Options. For example, these black-out periods are imposed prior to the release of quarterly and annual reports to Shareholders and when the Corporation is considering various possible transactions or is completing material operations that could, if consummated or successfully completed, have a significant effect on the trading price or value of the Corporation's securities. This policy was adopted as part of the Corporation's approach to responsible governance. However, the imposition of voluntary black-out periods can penalize the Corporation and its insiders and key employees where their Options have not been exercised prior to the voluntary black-out period and where such Options would expire during such period.

Pursuant to the Stock Option Plan, the expiration of the term of any Options that would fall during a voluntary black-out period or within 10 business days following the termination of a voluntary black-out period will be extended for a period of 10 business days following the expiry of such black-out period such that all participants will always have a maximum of 10 business days following a voluntary black-out period to exercise Options. This provision applies to all participants.

Amendment to Stock Option Plan

The Board may amend or discontinue the Stock Option Plan at any time without the consent of the participants provided that such amendment shall not alter or impair any Option previously granted under the Stock Option Plan except as permitted by the provisions of the Stock Option Plan and provided further that such amendment or discontinuance has been approved, if required, by the TSX. However, the Board is not entitled to amend the amendment provisions of the Stock Option Plan without the approval of the TSX as well as Disinterested Shareholder Approval (as defined in the Stock Option Plan). In addition, the Board may not amend the Stock Option Plan or any Option previously granted under the Stock Option Plan without the approval of the TSX and Disinterested Shareholder Approval in the event such amendment would: (i) reduce the exercise price of an Option; (ii) extend the expiry date of an Option other than as contemplated by Section 4.5 of the Stock Option Plan; (iii) permit Options to be transferable or assignable other than for normal estate settlement purposes; (iv) remove or exceed the limitations on the maximum number of Common Shares reserved for issuance to insiders or non-employee directors; or (v) increase the maximum number of Common Shares that may be issued upon the exercise of Options granted under the Stock Option Plan.
